Meeting Minutes

Senate

- SR 1209, 1210, 1211 all passed in the last GA
- SR 1212: In Support of Clarifying the Plus/Minus Grading System
    - Background: +/- is currently opt in for professors and students are confused on the grading policy
    - Purpose: provide more grading clarity for students
    - Summary:
        - Require grading scale published on syllabus (and possibility of the curve)
        - Teachers to not unnecessarily alters the grading scale mid-semester
    - Feedback
        - Positive: students are more understanding
        - Negative: distributions are unclear
    - Discussion and Debate
        - Would this actually hurt students?
            - Finance professors believe this is bad because it would limit professors to help students
            - Adjust grade distributions based on the change in the course
        - Plus/minus is not an issue, but rather setting the scale early in the year that makes them frustrated
        - How much say do the professors have in this matter?
