BBA Short Term International Programs
China and Hong Kong Visa Information

GENERAL INFORMATION

Visa requirements and procedures for Hong Kong and mainland China may seem a bit confusing. After all, isn't Hong Kong a part of China now? Yes and no. Although Hong Kong, a former British colony, reverted back to the People's Republic of China in 1997, Hong Kong is considered a Special Administrative Region (S.A.R.). That means it is quasi-independent and has its own visa requirements. So, please read the information below carefully.

Furthermore. students participating in a short-term program in Hong Kong are required to obtain a student visa into Hong Kong, making the process even more complex.

- **Hong Kong Entry Requirements: Everyone participating in the International MPA Program in Hong Kong must have a STUDY VISA for Hong Kong S.A.R.!!**

- **Mainland China (P.R.C.) Entry Requirements (OPTIONAL): MPA students participating in the International MPA Program in Hong Kong are not required to obtain a TOURIST VISA for mainland China (P.R.C), but it is HIGHLY RECOMMENDED if you wish to travel before or after your program.**

The process for obtaining your two visas is different and is managed separately. In order to provide the clearest information, the entry and visa process requirements have been separated in two sections. Please read this entire document carefully and feel free to ask us any questions.

BEFORE YOU START
The most important thing is to ensure that you have a valid and signed PASSPORT with at least 6 months of remaining validity. Please note the visas will be affixed onto the passport itself and you will need at least 3 blank visa pages in your passport for the visas to be processed.

SECTION 1: HONG KONG *STUDY* VISA

SUBMITTING YOUR HONG KONG STUDY VISA MATERIALS

UT Centralized Visa Processing

As a service, and in order to provide students with the smoothest visa process, Hong Kong Study Visas will be managed centrally via the BBA International Programs Office/CUHK who will then remit your visa applications to the Hong Kong Immigration Department on your behalf.

- **Deadline**: All required materials must be submitted to the BBA IP office by **January 17**. Since the process is fairly lengthy and may take a minimum of 8 weeks, failure to bring all required documents by the deadline will mean that it will be the student's sole responsibility to submit necessary paperwork directly to the Hong Kong Immigration Department. Late applications will not be accepted. No exceptions will be made.
- **Cost**: **$120** per student which will be automatically charged on your "What I Owe" as an additional fee. This cost reflects the Hong Kong Immigration Fee of $30 + CUHK processing fees + all express mailing fees to/from Hong Kong.
- **Processing Time**: at least 8 weeks.
- **Important Notes:**
  - If BBA IP does not receive your *complete* application by the deadline, the student will assume full responsibility in ensuring the visa is acquired in time for the program.
  - No program fees will be refunded should the student be unable to participate in the program due to inability to acquire visas on time.
  - BBA IP will not process incomplete or incorrectly filled applications.

China Tourist Visa:

- It is highly recommend that all students apply for a **multiple entry visa**. The 5 day mainland China tour counts as **one** entry into China. Since most of you will want to visit China multiple times, you will need a **multiple entry visa**. FYI – the cost of a visa is the same for U.S. citizens, regardless of number of entries.
- If you are a non-U.S. citizen the cost of a multiple entry visa is only modestly higher than a single or double entry visa, and you will save yourself the hassle of dealing with immigration issues if you decide to travel to Mainland China more than twice. Please see the cost chart below.
- Please note that double entry/ multiple entry visas to PRC will remain valid for a period of 180 days (6 months) and will become valid from the date of issue. *As such, it is not recommended that students apply for their visa too early.* Consulate recommends applying for the Visa approx. one month before trip. **Applying any time after March 15, 2014 will be acceptable** for the UT summer abroad program.
- Applications take 4 working days to process. If you need quicker service, applications can be processed in 2-3 working days or even same day rush service for an additional fee at the Consulate.
- Do not apply for a Visa too early so that it is not valid for the entire duration of your stay. For earlier visa applications, please select double/ multiple entry-visa to ensure your visa will remain valid for 180 days (6 months).
- If you submitted an official passport photo(s) to the BBA International Programs as part of your enrollment documents, you may request to use these photo(s) for one of your applications. Please let us know. Otherwise, you may take photos at the nearest CVS, Walgreens or Post Office.
