MIS 333K – Web Application Development (Web design using ASP.NET)

Instructor: Rick Byars Office Hours: Monday 10-11:30, T, Th 9:30-10:30

Office: CBA 3.406

E-mail: <u>rbyars@mail.utexas.edu</u> Office Phone: 471-5239

Course website: UT's Blackboard at http://courses.utexas.edu/

Teaching Assistant: Clayton Dorsett Office Hours: to be announced

Office: CBA 3.406

E-mail: cldorsett@austin.rr.com

Overview

MIS 333K is designed to teach students how to develop custom web applications in today's business world. McCombs labs have <u>Visual Studio 2010</u> and you MUST have this version of the software. You will also need SQL Server 2008 as well. The labs at the McCombs School of Business have all of the necessary software. This course culminates with a 6 weeks system project, which has cash awards for the top two teams.

Prerequisites

The prerequisites for this class are MIS 304 (VB.Net version) AND MIS 325 (SQL Server version). If you do not have both of these prerequisites you will be automatically dropped from the class. If you have the courses, but did not have the current version, see Professor Byars after class.

Textbooks

• **REQUIRED** - Class Packet available only at Abel's Copies, University Towers, 715D West 23rd Street Phone: (512) 472-5353, Directions: http://www.abelscopies.com/Location_Map/location_map.html

Software

- 1. We use Visual Studio 2010 and you MUST have this version of the software. We will use SQL Server 2008. You can work in the lab without buying any software, but if you want to work from home, you must purchase the Visual Studio.Net 2010 version from the UT Computer Store or it can also be downloaded from -- www.utexas.edu/its/products/dreamspark. Instructions for downloading SQL Server Mgt Studio 2008 can be found at: http://ford.its.utexas.edu/wiki/index.php/SQL Server Client Tools. Select the Install SQL 2008 Client tools link
- 2. Please note that we will grade your homeworks on the lab machines, so make sure that they work in the lab. Don't assume that since they work on your laptop or home computer, that they work the same in the lab.

Grades

Assignment	Weight
Exam 1	15%
Exam 2	15%
Exam 3	15%
System Project	25%
Homework Exercises	26%*
Pop Quizzes	4%
Total	100%

Final Average	Final Letter Grade
93.34 – 100.00	Α
89.50 - 93.33	A-
86.67 - 89.49	B+
83.34 - 86.66	В
79.50 – 83.33	B-
76.67 – 79.49	C+
73.34 – 76.66	С
69.50 – 73.33	C-
66.67 – 69.49	D+
63.34 – 66.66	D
59.50 - 63.33	D
0.00 - 59.49	F

Course Website

UT's Blackboard System at http://courses.utexas.edu/ will be used for all course material. You should be able to find everything for this course within Blackboard including the syllabus, assignments, class slides, grades, and more.

Turning in work

We will use Blackboard's Assignment Manager for turning in the first VB.Net assignment. Assignments may NOT be emailed to either your instructor or the teaching assistant, as they will NOT be accepted via e-mail. You MUST use the proper naming convention for your files or 10 points will be deducted. Your zipped file MUST be named LastName_FirstName_Assignment#. An example of this is Smith_Mary_VB1.zip. ASP.Net assignments will be graded directly via a URL that will be specified in the individual assignments. WinZip is installed on all lab computers or you can get a free version from www.winzip.com. We ONLY accept Winzip files for VB1.

ASP.NET assignments do NOT have to be turned in, as the instructor, TAs, and graders will use internet explorer to run and grade your homeworks. We will check the date stamp on the files to determine the date and time of completion, so be CAREFUL not to open or run your ASP projects after you turn them in and BEFORE the grader has time to grade them. If you develop your project on your local computer, be sure and install it on classweb2 and test that it works properly. Your websites MUST be stored in the MIS333K folder on the class server (Classweb2).

Late Points

Assignments are due at the start of the class period. Any work turned in after class begins will be considered late. If you finish the assignment after class on the day it is due, you lose 25 points. No work will be accepted after midnight on the day the assignment is due. Due dates will not be adjusted due to technical problems or server issues. It is your responsibility to start the assignment early enough to allow for additional time should problems outside of your control arise.

MIS333K System Project Team Awards

The MIS 333K Team System Project also includes cash awards for the top two teams. Teams will be judged by the instructor, who has the final say in the team standings. The first place team will receive \$500 per team member, and the second place team will receive \$250 per team member.

System Project Teams

The system project teams are made up of 4 class members. If you fail to keep up with your teammates, you will be kicked off the team, and you will have to do the entire system project by yourself.

Exams

Exams are scheduled well in advance. There are NO makeup exams. If you miss an exam, you will be given a zero, period! If you are ill, or have some other legitimate reason for missing an exam, you must contact the instructor by email or phone BEFORE the time the exam starts. All exams will be held in the Mod Labs.

Topic Outlines

The semester will be divided into three sections, and an exam will be given at the end of each unit. Topic outlines for each third will be available at the start of each unit or section.

VB.NET/ASP.NET Consultants

VB.NET/ASP.NET consultants are available in the Millennium lab (5th floor CBA). Their hours are roughly 11:00 AM until 10:00 PM. Their job is to help you with VB.NET and ASP.NET problems. They are NOT supposed to write your code for you, but help you debug it.

VPN connection

In order to access your SQL server database and ClassWeb2 web publishing space on the McCombs servers, you will need to set up a UT VPN (Virtual Private Network) connection on your home computer. You can download the Cisco VPN client from: https://vpn.utexas.edu/

Helpful website for this class

ASP sites:

http://www.asp.net/learn/3.5-videos/ (this site has a number of great videos on how to use VS 2008)

 $\underline{http://aspnet.4guysfromrolla.com/}$

http://www.programmingtutorials.com/aspnet.aspx

CSS specific sites:

http://css.maxdesign.com.au/selectutorial http://www.w3schools.com/css/default.asp http://www.w3.org/Style/CSS/learning http://www.yourhtmlsource.com/stylesheets/

Students with Disabilities

Students with disabilities may request appropriate academic accommodations from the Division of Diversity and Community Engagement, Services for Students with Disabilities, 471-6259, http://www.utexas.edu/diversity/ddce/ssd/

Scholastic Dishonesty

Any form of scholastic dishonesty will be dealt with in the appropriate manner. Any copying of program code constitutes plagiarism and will be dealt with severely, including a possible F in the course and referral to the Dean of Students Office. University Honor Code can be found at the following link: http://registrar.utexas.edu/catalogs/gi09-10/ch01/index.html.

Religious Holidays

By UT Austin policy, you must notify your professor of your pending absence at least fourteen days prior to the date of observance of a religious holy day. If you must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, you will be given an opportunity to complete the missed work within a reasonable time after the absence.

MIS 333K - Topic 1 Outline

Aug 25	Topic:	Introduction to MIS 333K, O-O review
4 20	- ·	T. I.
Aug 30	Topic:	Homework VB1 review
	Read:	Class notebook pages 7-8
Sep 1	Topic:	ASP startup, Running Web Apps
	Read:	Class notebook pages 9-26
	Due:	VB1 – MIS 304 Review
Sep 6	Topic:	CSS, Divs, Tables
	Read:	Class notebook pages 27-39
Sep 8	Topic:	Database Connectivity
	Read:	Class notebook: pages 42-45
	Due:	ASP1 – First Website
Sep 13	Topic:	Grid View
	Read:	Class Packet: Grid Views
Sep 15	Topic:	Database Updating – Adding New Records
	Read:	Class Packet: Database Updating
	Due:	ASP2– DB connection
Sep 20	Topic:	Database Updating – Adding New Records
		Validation controls
	Read:	Class Packet: Database Updating
Sep 22	Topic:	Database Updating – Adding New Records
		Validation controls
	Read:	Class Packet: Database Updating
	Due:	ASP3 – Add Customer with validations
Sep 27	Topic:	Test 1

MIS 333K - Topic 2 Outline

Sep 29 Topic: Drop down lists, Modifying and deleting records

Oct 4 Topic: Data grids, adding Select column, Master Pages

Due: ASP 4

Oct 6 Session variables, Login form Topic:

Oct 11 Topic: Stored Procedures, Sorting and Filtering with Views

Due: ASP 5

Oct 13 Topic: Stored Procedures, Sorting and Filtering with Views

Oct 18 Topic: Editing Grids

ASP 6 Due:

Oct 20 Topic: Exam Review, Project User Day

Oct 25 Topic: Exam 2

MIS 333K - Topic 3 Outline

Oct 27 Topic: Review Exam, Project Requirements, ERD

Nov 1 Topic: Project Design – ERD, Web Flow

Due: E-R Diagram

Nov3 Topic: Importing data from Excel into SQL Server

Due: Revised E-R Diagram

Nov 8 Topic: Pariveda Solutions Guest Lecture

Nov 10 Topic: Sending E-mail via web, query strings

Nov 15 Topic: Credera Guest Lecture

Nov 17 Topic: Editing Gridviews

Nov 22 Topic: Exam 3

Nov 24 Topic: Thanksgiving

Nov 29 Topic: Discussion of project grading and final grade policies

Dec 1 Topic: Last day – don't miss it

Dec 2 Project due at NOON

Dec 2 Project Grading 1:00 until ???? – Team representative should be present
