

The University of Texas at Austin
McCombs School of Business

MASTER IN PROFESSIONAL ACCOUNTING TEXAS McCOMBS

Earn your master's degree at the **#1** graduate accounting program in the country. The Master in Professional Accounting (MPA) is designed for students who are looking to launch their career in accounting. No work experience is required to apply.

EXCEPTIONAL EDUCATION

Our program offers strategically designed courses with esteemed faculty, study abroad opportunities, and unique internships to provide you a top-ranked, well-rounded educational experience. Core classes deliver a solid accounting foundation, while individual tracks and MBA electives allow you to focus your efforts to meet your career goals. You will learn with some of the most remarkable accounting students in the world.

ACADEMIC ADVISING

Team up with an MPA Academic Advisor to help you plan a course of study and choose an accounting track. Advisors provide assistance with course selection, registration, graduation requirements, and CPA planning.

RECRUITING OPPORTUNITIES

Prominent companies from across the country and world recruit Texas McCombs MPAs. Accelerate your career by working with top-tier organizations.

CAREER COACHING

Partner with an MPA Career Coach and attend professional development courses and job search events throughout the program.

CPA SUCCESS

CPA Candidates from Texas McCombs typically have pass rates much higher than the statewide average and tend to exceed the national average. Our MPA curriculum lays a solid educational foundation for the CPA exam.

DEGREE OPTIONS

TRADITIONAL MASTER IN PROFESSIONAL ACCOUNTING

The traditional Master in Professional Accounting (tMPA) is open to students with a bachelor's degree in any discipline from any academic institution across the nation and world. In as little as one year, students can earn an MPA degree from the top accounting program in the country.

INTEGRATED MASTER IN PROFESSIONAL ACCOUNTING

The integrated Master in Professional Accounting (iMPA) is designed for Texas McCombs undergraduates. iMPA students earn a BBA degree in accounting and an MPA degree in just five years, saving students both time and money by taking graduate level courses at undergraduate tuition rates.

ECONOMICS MASTER IN PROFESSIONAL ACCOUNTING

The ECON Master in Professional Accounting (ECON-MPA) is designed for current UT undergraduates majoring in economics. Students get a head start on MPA courses during their senior year and have the benefit of paying undergraduate tuition on graduate level classes. ECON- MPA students earn both a BA degree in economics and an MPA degree.
