This document shall be the sole determinant of the organization and functions of the Business Honors Program (BHP) Steering Committee (SC). It shall not be changed without the consent of a majority of the standing SC members.

**Purpose**

The purpose of the SC shall be threefold. First, the SC shall exist with the express intent of fostering and increasing communication between faculty, staff, students, and alumni in the Business Honors Program. The SC will work extensively with the Honors Business Association (HBA) as well as the BHP Ethics Board to create a strong BHP culture through cohosting and collaboration. As the elected class representatives of the Business Honors Program, these representatives serve as the link and voice between their classmates and the BHP Program. SC members will be accessible to talk about any issues, concerns, feedback relating to the program and will have contact information available on the website.

Second, the SC shall serve the purpose of a Program “oversight” committee. This will entail the prescription of goals for the Program and the creation of policy decisions through informed student and staff feedback to achieve these goals.

Third, the SC members shall organize two BHP Student Town Hall meetings and/or BHP Office Hours per year. One of these meetings shall occur near the end of fall semester and the other shall occur at the end of the spring semester. The BHP director, staff, academic advisors, faculty, and students are all invited to attend. This process should occur at the beginning of the fall semester, and should also include a re-application process for previous members to reestablish commitment.
