The McCombs Diversity Council is a BBA Student Organization with the collective goal of educating students about diversity and diversity related issues in the workplace and recognizing the strength in our journeys. The council strives to create an atmosphere that recognizes diversity as a competitive advantage through maximizing its multicultural resources and by building a business school that accurately reflects the greater global community. By creating long lasting relationships with companies that value diversity, our students become leaders in the increasingly global market.

Through our partnership with BBA Career Management, we are able to make an impact on both students and working professionals.
