

TARGET YOUR FUTURE (TYF)

“Building Connections, Fostering Success”

STUDENT TESTIMONIALS

“Target Your Future is a fantastic avenue for personal development. The program’s motto of ‘Building Connections. Fostering Success’ exemplifies what the program is all about. As a first-year student, I joined TYF as a participant. Through that experience, I gained a lot of confidence about my career goals and recruiting came much more naturally to me.

Throughout the years that I have been involved with TYF, I have developed my leadership skills, grown my network, and had a lot of fun in the process. I am a huge proponent of TYF’s Professional Mentor Program (PMP). The PMP allowed me hone my networking skills while I connected one-on-one with a professional from industry. Learning about my professional mentors experiences was invaluable knowledge. As I begin my professional career, I feel confident that I’ll be able to take the skills I have gained and continue to apply them when meeting colleagues and clients.”

Khurram Kabiruddin

“TYF allowed me to understand and explore different business career opportunities each week. I increased my confidence with employers and my fellow peers through informational interviews and group interaction.”

- Shelby DeMuth

“What really made Target Your Future beneficial for me was the unique combination of student mentors and professionals. The combination of these two resources made it possible for me to get a student perspective while learning what prospective employers were looking for in potential candidates.”

- Nick Navarro

“I enjoyed being able to interact with professionals in a relaxed environment where we all learned skills that were both beneficial and entertaining. Through the connections I made in Target Your Future, I was able to secure an internship with a firm I love. I truly cannot emphasize how priceless this experience is. You’ll meet amazing individuals, build important relationships, and get the inside scoop from recruiters. Having served as both a participant and a student mentor, I can confidently say that this is a program where the people truly care about you—and that is something I would encourage anyone and everyone to take advantage of!”
