Come learn more about our Supply Chain Labs Internship

Thursday, October 19 from 5:30 - 6:45 pm

McCombs School GSB 5.142A  |  Networking reception to follow

Our Strategic Supply Chain Analyst role:

- Member of strategic Supply Chain area focused on Onshore Negotiations & Strategic Sourcing
- Experience a one-year internship that begins spring semester 2018 and continues through fall semester 2018. Students will receive compensation for the program and credit for the spring and fall semesters
- Participate in Statoil’s comprehensive summer internship program (opportunity to learn about Statoil and network outside of the US Onshore organization).
- Explore and live the Statoil culture and values

Challenging, stretch assignments and accelerated learning experiences
Constant feedback and mentoring
Networking opportunities with Statoil executives and various supply chain teams

At Statoil we turn natural resources into energy for people and progress for society:

We are a Norwegian-based energy company with operations in more than 30 countries. Since 1972 we have explored, developed and produced oil and gas on the Norwegian continental shelf, where we are a leading operator. From the early nineties we have built a global business, with strongholds in Europe, Africa, North America and Brazil. We have developed a portfolio of new energy solutions, currently delivering wind power to 650,000 British households. We create value through safe and efficient operations, innovative solutions and technology.
