

Course Syllabus

FIN 357 Business Finance, Spring 2017

Unique 03420: TTh 8:00-9:30 a.m., UTC 4.122

Unique 03435: TTh 9:30-11:00 a.m., UTC 4.122

Section 1. Course Objective

FIN 357 introduces concepts and analytical techniques to identify and solve financial management problems. It serves as the basis for all other courses in the area of finance and provides basic tools that every business student will need to be successful in his or her chosen career.

Section 2. Contact Information

Professor: Dr. Robert C. Duvic

Office: GSB 5.176D

Office Hours: Monday, Wednesday from 9:00am to 11:00 am and by appointment

Email: robert.duvic@mcombs.utexas.edu

I am also available by appointment. Please bear in mind that the federal student privacy policy (FERPA) prohibits us from discussing grade-related information via telephone or email.

Section 3. Tools & Materials

Text: We will be using **Corporate Finance: Core Principles and Application**, 4th edition, by Ross, Westerfield, Jaffe & Jordan, published by McGraw-Hill. There are several purchase options regarding the format of the text:

1. Hardcover book + Connect access: \$226.65 at the Co-op
2. Looseleaf book + Connect access: \$153.35 at the Co-op
3. All digital (eBook + Connect access): \$110.00 at Connect online
4. All digital (option 3) plus a looseleaf book: \$170.00 at Connect online

In considering these options please consider that the homeworks must be completed in McGraw-Hill Connect, and that in purchasing access to Connect you automatically have access to the LearnSmart system and the eBook for the text, so option 3 above may be the best deal.

Connect: We will be using Connect for all homework assignments. To get started, go to the FIN 357 page on Canvas and click on the link called "McGraw-Hill Connect." Detailed instructions are in the Syllabus module on Canvas. For assistance, click on "Help" in the upper-right hand corner of the screen, or call (800) 331-5094.

Calculator: You will need a calculator that can perform financial functions (eg. N, I, PV, PMT, FV). The HP 10B II + is strongly suggested for Finance majors. The TI 83-Plus (or higher) is acceptable for all other majors. You will not be allowed to

use a cell phone or online financial calculator during an exam, nor will you be allowed to share your calculator with another student during an exam.

Canvas: All course materials will be posted on Canvas. Please note that all course materials are protected by copyright. Uploading these materials to course sharing websites such as CourseHero, Koofers, StuDocU, etc. is not only an academic integrity issue subject to disciplinary action, it is also against the law.

Email: The communications policy in the General Information Catalog states: "Electronic mail (e-mail), like postal mail, is a mechanism for official University communication to students. The University will exercise the right to send e-mail communications to all students, and the University will expect that e-mail communications will be received and read in a timely manner." You can verify and/or update your email address here:
https://utdirect.utexas.edu/apps/utd/all_my_addresses/

Section 4. Prerequisites

To remain enrolled in FIN 357, you must have successfully completed STA 309 or 309H, and have completed or registered for ACC 312 or 312H, and B A 324 or 324H. Students lacking these prerequisite will be dropped. If you have concerns or issues, please visit the McCombs BBA Program Office, CBA 2.400, for assistance.

Section 5. Support Resources

From January 30th through May 2nd, the Finance Lab offers drop-in tutoring and assistance with homework. Feel free to come and go as needed. Hours of operation are:

Event	Dates	Times	Location
Finance Lab	Every Monday, Tuesday & Wednesday	12:00 noon to 2:00 p.m.	CBA 4.112AN
Finance Lab	Every Monday, Tuesday & Wednesday	5:00 pm to 8:00 p.m.	UTC 3.120

Section 6. Grading

Your grade in this course will be determined by your performance on the following:

- Exams: Exams 1 and 2 @ 25%; Exam 3 @ 30% 80%
- Quizzes: Discussed below 10%
- Homework: 13 highest (out of 15 possible) assignments 5%
- Valuation Exercise: Case to be completed during class 5%
- Course Total 100%

The McCombs grading guidelines recommend a GPA range from 3.0 to 3.2 for undergraduate business core courses. Historically, the cut-off for each letter grade was as shown below. The

actual cut-off will depend on overall class performance. In other words, past performance is not a guarantee of future results. The university approved +/- grading system will be employed.

A	93-100%	B-	80-82%	D+	67-69%
A-	90-92%	C+	77-79%	D	63-66%
B+	87-89%	C	73-76%	D-	60-62%
B	83-86%	C-	70-72%	F	0-59%

Make-up or extra work to improve your grade is not possible. Your final letter grade will be determined by the criteria set forth above.

Section 7. Exams

All students taking FIN 357 this semester will take common exams on the dates noted in the course schedule. Exams will begin at 6:30 p.m. and end at 8:30 p.m. Locations will be announced during class. The Finance department has confirmed that these evening exams do not conflict with any other exams on the Dean's master list of undergraduate evening exams.

There will be three exams in this course. All material covered in the course, including readings from the text, readings from supplementary materials, class discussions, all of the end-of-chapter "Concept Questions," and all of the end-of-chapter "Questions and Problems" are subject to examination.

Each exam will be non-comprehensive; that is, each will cover only the material related to that section. However, the material will build on itself as we proceed through the semester.

After they have been graded, exams can be reviewed during my office hours.

Make up exams are offered only for the following reasons:

- A conflict with another UT course,
- Participation in an intercollegiate athletic event,
- A conflict with a University-recognized religious holy day,
- A medical event (such as illness or injury) documented by [Student Emergency Services](#).

If you have any circumstance other than a medical emergency that will necessitate taking a make-up exam, you must notify me and provide appropriate documentation no later than Friday, January 27th. Make-up exam dates are listed below; the times will be announced later.

- Make-up Exam 1: Friday, February 17th
- Make-up Exam 2: Friday, March 31st
- Make-up Exam 3: Friday, May 5th

Section 8. Homework

Required: At the end of each chapter of your text, there are several "Concept Questions," as well as many computational "Questions and Problems." Several of the latter items from each chapter have been assigned as "Required Homework" in Connect. There are 15 sets of Required Homework in Connect, entitled Ch 2, Ch 3, etc. The assignments are graded, but you will have unlimited attempts.

For each attempt, you will be provided a new set of values. Only your highest score for each assignment will be posted in the gradebook on Canvas. Your lowest 2 scores (out of 15 total) will be dropped.

Required Homework is due weekly. Due dates are provided in the Course Schedule at the end of this syllabus, as well as in Connect. Required Homework is due in Connect by 11:59 pm (one minute before midnight) on the due date. Required Homework is always due on a Sunday, with the exception of Ch 11, which is due on a Tuesday. After their due dates, the Required Homework problems will be available on Connect to re-work for additional practice.

Additional: The more problems you work, the greater your likelihood of success. All of the remaining computational “Questions and Problems” from your text appear in Connect under the heading “Additional Problems.” These problems will not be graded. You can work the problems an infinite number of times.

LearnSmart: Connect also provides access to an adaptive learning tool called LearnSmart. This tool is a terrific way to approach your first reading of each chapter. More information about LearnSmart is contained in McGraw-Hill Connect, which immediately follows this syllabus. Your LearnSmart results will not be graded.

Section 9. Quizzes

Quizzes 10%: The quiz grade will consist of the following:

Class questions 5%: In each class session I will ask between 10 and 20 questions concerning the material. These questions may be a review of text material, student opinion of a relevant situation, or answer to a quantitative question. These will be asked in a random basis, with the following grades assigned.

2 points: Student correctly answers the question. Some questions directly relate to the class material and the student should know the answer. Other questions seek to develop insights into the materials, or stretch the class beyond the text content, and several answers would be acceptable.

1 point: Student does not provide an acceptable answer.

0 point: Student is not present.

Projects 5%: There will be one project conducted online through Canvas. The project will be issued during the second exam blocks in the course, and will be announced one week before it is given. I will give more guidance once the semester has started.

Section 10. Valuation Exercise

Near the end of the semester, you will be provided with the opportunity to demonstrate your understanding of many FIN 357 concepts via an integrative valuation exercise. This exercise must be completed during class and you must have your computer with you during class to

complete the exercise. If you are absent on the day of the in-class valuation exercise and your absence is not substantiated by Student Emergency Services, you may, at my convenience, be given a new case to complete. The highest possible score for a make-up case is 50%.

Section 11. Religious Holy Days

By UT Austin policy, you must notify me of your pending absence at least fourteen days prior to the date of observance of a religious holy day. If you must miss a class, an examination, a work assignment, or a project in order to observe a religious holy day, and you have provided proper advance notice, you will be given an opportunity to complete the missed work within a reasonable time after the absence.

Section 12. Students with Disabilities

Students with disabilities may request appropriate academic accommodations from the Division of Diversity and Community Engagement, Services for Students with Disabilities (SSD), 512-471-6259, <http://diversity.utexas.edu/disability/>. If you are eligible for academic accommodations you must present your SSD letter to me at least two weeks before you intend to employ the accommodation. Academic accommodation notification deadlines are below:

- Exam 1: Monday, January 30th
- Exam 2: Friday, March 10th (to accommodate spring break)
- Exam 3: Wednesday, April 19th

Section 13. Academic Integrity

The McCombs School of Business has no tolerance for acts of scholastic dishonesty. The responsibilities of both students and faculty with regard to scholastic dishonesty are described in detail in the [Policy Statement on Scholastic Dishonesty for the McCombs School of Business](#). By teaching this course, I have agreed to observe the faculty responsibilities described in that document. By enrolling in this class, you have agreed to observe the student responsibilities described in that document. If the application of that Policy Statement to this class and its assignments is unclear in any way, it is your responsibility to ask me for clarification. Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. Refer to the [Student Judicial Services website](#) or the General Information Catalog to access the official University policies and procedures on scholastic dishonesty as well as further elaboration on what constitutes scholastic dishonesty.

Section 14. Campus Safety

“Please note the following information from the Office of Campus Safety and Security, 512-471-5767, <http://www.utexas.edu/safety>:

- *If an alarm is activated, we are required to exit the building. Please follow my instructions.*
- *Familiarize yourself with all exit doors. Remember that the nearest exit door may not be the*

one you used when entering the building.

- Students requiring assistance in evacuation should inform me via email immediately.
- Do not re-enter a building unless given instructions to do so by the Austin Fire Department, or the University of Texas at Austin Police Department or Fire Prevention Services.
- Concerns? Call the Behavior Concerns Advice Line (BCAL) at 512-232-5050.
- Further information regarding emergency evacuation routes and emergency procedures can be found at: [http://www.utexas.edu/emergency.](http://www.utexas.edu/emergency)”

Section 15. Course Schedule

	Day	Date	Topic and/or Activity	Reading	Required Homework
January	Tue	17	Introduction to FIN 357 Introduction to Corporate Finance	Syllabus Chapter 1	
	Thu	19	Financial Statements & Cash Flow	Chapter 2	1, 2, 3, 4, 7, 14, 18, 20
