MANDATORY REQUIREMENT

EXCEL SKILLS TRAINING AND TESTING

The University of Texas at Austin MPA program is committed to offering its students a comprehensive education. Our goal is to create highly qualified financial professionals that can serve as leaders in the business community. Our relationship with over 200 employers allows us to gather input on the essential skills necessary to succeed and lead in today’s business world. Employers have told us unequivocally that one of those skills is a comprehensive knowledge of Microsoft Excel. Excel is used to perform a multitude of everyday business tasks and many employers rely on Excel for business decision support. In short, employers will expect you to know how to execute advanced tasks in Excel such as filtering data, working with advanced functions, creating pivot tables, conducting v lookups, etc. Due to the importance and prevalence of Microsoft Excel, we’ve teamed with Cengage to design a series of self-paced online Microsoft Excel courses. The online course is called Skills Assessment Manager (SAM).

MANDATORY EXCEL SKILLS TESTING

Every incoming MPA student is required to complete all assigned Excel projects (not trainings or exams) in SAM and score at least 80% for each project. There are 12 projects in all. A typical path would include viewing an assigned project and reviewing the associated training sections. If you feel that you already have a deep knowledge of Excel, you may load the project into Excel and complete it. (It is highly recommended that you use Excel 2016 or Office 365 to complete the projects rather than earlier versions of Excel). If a score of 80% or higher is not achieved, you have the option of viewing the trainings and redoing the projects.

The cost for the SAM training program is only $60.00. It is easy to use, available 24/7 and you can get started right away! To purchase SAM and enroll in the SAM course follow instructions below.

GETTING STARTED

STEP 1
Launch the Excel Skills Training website

STEP 2
Click “Add to Cart”

STEP 3
Click “Checkout” and follow the on-screen instructions to complete the online purchase. Please note: This is an Instant Access Product

STEP 4
At the completion of your purchase, go to "My Home" to access this product

STEP 5
Go to sam.cengage.com and click the button to create a “New User”

STEP 6
Enter Institution Key T2044946 and then your access code (your code is case sensitive)

STEP 7
Create a user profile and accept the agreement

STEP 8
Select link on Welcome page to join a section, choose the section provided by your instructor. The section you should join is "Texas MPA Class of 2019." Click "Save"
ADDITIONAL INFORMATION

RETURNING TO SAM
When returning to SAM, go to sam.cengage.com and enter your username and password created during the registration process. You will not need to remember your access code or Institution Key. If you have any issues, tech support can assist at (800) 354-9706 option 5, then 3 or at cengage.com/support.

ACCESS TO SAM
Your access to this product will stay active until you graduate. It can be used during the school year if you need to learn something specific for a class you are taking.

CUSTOMIZATION
Our Excel training program has been customized for the Texas MPA Program. If you have purchased a Cengage Skills Assessment Manager subscription at another educational institution, that account cannot be transferred to UT Austin. Our program is available at a substantial discount versus the manufacturer's regular price and can be used in conjunction with all applicable MPA courses.

INTERNATIONAL STUDENTS
Please note that you may not be able to purchase SAM from certain international locations such as China. In this case, we would require you to complete the training within two weeks of the start of our program.
