Department of Accounting
ACC 311 -- Fundamentals of Financial Accounting
Fall, 2017 Syllabus

Instructor: Megan Allen
E-mail: Megan.Allen@mccombs.utexas.edu
Office: CBA 2.218
Office Hours: M/W 5:00-6:00 pm
Email questions are also encouraged and office appointments can be set up via email.

Teaching Assistant: Renee Hoekstra
E-mail: renee.hoekstra4@gmail.com
TA Office & Office Hours: T/Th 12:00-2:00 pm
TA Space B (located inside CBA 4.304A)
Email questions are also encouraged and office appointments can be set up via email.

Class time and location:
Unique #02660  M/W 2:00-3:30 pm  UTC 3.104
Unique #02680  M/W 3:30-5:00 pm  UTC 3.134

Required Materials and Equipment:

  - On-Line Homework Manager: McGraw Hill Connect, packaged with the textbook. Follow this link once you have purchased the textbook: http://connect.mheducation.com/class/m-allen-fall-17-mon-wed

- **Calculator:** A **financial calculator is required** for this course. A financial calculator is one that has dedicated keys for convenience in working problems involving the time-value of money. The keys typically are labeled N (number of periods), I/Yr (required interest rate per period), PV (present value), PMT (payment per period), and FV (single future payment amount). If you already have such a calculator, you do not need to buy a new one. However, if you do not already have such a calculator, you should buy an HP 10bII+. This calculator is recommended by both the accounting and finance faculty of the McCombs School of Business.
• **Note:** You may NOT use calculators that have text memory (e.g. for programs) or cell-phone calculators on quizzes or examinations. Examples of PROHIBITED CALCULATORS are the TI-83, 84, 86 and 89. You may use simple 4-function calculators if an exam or quiz does not require TVM calculations.

**Supplements**

- Certain Homework Solutions (will be made available on Canvas)
- Instructor PowerPoint Slides and/or Notes (will be made available on Canvas)
- Sample 311 Midterm Exams (will be made available on Canvas)
- Canvas Website

**Prerequisite:**

The prerequisite for this course is twenty-four semester hours of (prior) college credit. If you do not satisfy this prerequisite, you should drop ACC 311, or the Office of the Dean of Undergraduate Programs will drop you from the course. Instructors may not waive prerequisites to their courses.

**Objectives of the course:** To learn the following:

A. The nature and purpose of accounting for businesses, with emphasis on corporate business entities.
B. Accounting methods and their use as an orderly means of recording, classifying, and presenting useful information from a mass of data derived from transactions and events affecting businesses.
C. The basic language of business as represented by business and accounting terminology.
D. The concepts and standards underlying the measurements used in accounting to prepare the financial statements of businesses.
E. The use and interpretation of financial reports (i.e., income statements, balance sheets, statements of retained earnings, statements of cash flows) prepared for users external to businesses (i.e., owners, creditors, government and investors).

**Quantitative Reasoning Flag**

This course carries the Quantitative Reasoning flag. Quantitative Reasoning courses are designed to equip you with skills that are necessary for understanding the types of quantitative arguments you will regularly encounter in your adult and professional life. You should therefore expect a substantial portion of your grade to come from your use of quantitative skills to analyze real-world problems.

**Course Routine**

I will conduct the course by giving lectures, facilitating solutions to in-class exercises and conducting discussions in a manner that encourages class participation by students, consistent with the objectives of the course and the time available. **Students are expected to study the chapter readings before topics are introduced in class and do assigned homework questions, exercises and problems to reinforce what they learn (you can’t effectively learn accounting**
without doing exercises and problems). Students are encouraged to ask questions and to request that particular points be explained in more detail if they remain confused or uncertain about items discussed or if concepts remain unclear.

**Homework**

There are two types of homework in the course, *Solid Footing* homework and textbook homework (Libby, Libby, Hodge).

**Solid Footing Homework**

During the first four weeks of the course, you will be learning about the accounting cycle, the process with which companies capture transaction data, record them, summarize them and transform them into financial statements that conform to Generally Accepted Accounting Principles (GAAP). It is essential that every student develop a solid understanding and ability to do accounting cycle tasks because these accomplishments are the foundation for learning the remaining content of the course. Accordingly, the faculty adopted *Solid Footing*, a semi-interactive tool for learning the accounting cycle and statement of cash flows. It is meant to present, reinforce and test progress in the accounting cycle in a way that leads to more consistent and deeper understanding among our students, leading to less attrition and disappointing grades in ACC 311. To be sure that all students keep up with the lessons during this phase of the course, we require three *Solid Footing* homework assignments be completed and uploaded through Canvas to be graded. See the homework column of the course schedule for the assignments and dates on which they must be uploaded. All assignments are due by 8am on the date assigned. Two of the assignments will be due in the first few weeks of the course and the last on December 8th.

**Textbook Homework**

Textbook homework is assigned from the chapters we cover. As the name implies, homework is meant to be completed outside of class. Textbook homework is further divided into problems to be submitted for grading and problems that are neither submitted nor graded. **Graded questions are listed in bold-faced text on the Course Schedule and are managed through the Connect system.** Graded homework must be completed individually, however you are permitted to collaborate with classmates on figuring out how to structure the solution to assigned questions. Graded homework is due by 8am on the day of class, and late homework will not be accepted. Connect changes the numbers in the problem for each student, so the data will differ from the textbook and your solution will not be the same as your classmates’ solutions. Connect will grade these problems, provide solutions (after all sections of ACC 311 have submitted their homework), and indicate areas where you need to do additional study.

The homework grade is the percent of all graded problems completed correctly. **No homework assignments can be dropped in computing the final homework grade.**
The problems that are not required to be submitted or graded (not bold-faced) are as critical to your success as those that are graded.

If you have difficulty using Connect or encounter a problem with it please first try to resolve the problem with Connect Customer Support: 800.331.5094. If you have questions about how to solve the exercises or problems, please see your instructor or TA’s (listed above).

**Instructor Discretion**

Instructor discretion may include (but is not limited to) announced or unannounced quizzes (in or out of class), quizzes on Canvas, participation, extra homework, or group projects. If I choose to make such assignments their scores will be treated as part of the instructor discretion.

**Quizzes**

I plan to utilize in-class quizzes for a majority of the instructor discretion grade weighting. There will be approximately 5-8 quizzes during the semester. Quizzes will consist of short answer, True/False, and/or multiple-choice questions. You will be able to drop your lowest quiz grade. If you miss a quiz you will receive a zero for that quiz. There are no make-up quizzes. If the quiz is an in-class quiz and you leave class after taking the quiz but before the end of class, I reserve the right to discard any quizzes for students not in attendance for the entire class period. You **MUST** come to the section in which you are officially registered to receive credit for any quiz or in-class assignment. Not all quizzes will have the same point value. I do not return graded quizzes, but they are kept in my office and you may come and examine yours and ask questions.

**Class Protocol**

If for some reason you are running late, do not feel you should skip class. Please come in quietly and take a seat at the side or in the rear of the classroom. If you must leave class early, please tell me before class starts. I would appreciate it. Such comings and goings during class should be rare—do not let them become a habit. If you need to miss a class or other required activity, including an examination, for any reason, please inform me as far in advance of the absence as possible, so that I can approve the absence as excused and arrangements can be made to complete any missed work within a reasonable time after the absence. If you miss a class or other required activity, including an examination, for reasons beyond your control, precluding prior notice, inform me of the circumstances as soon as you are able.

**Personal Electronic Equipment Policy**

The University delegates to individual faculty members responsibility for and authority over classroom procedure and decorum. Due to abuse by those who came before you, I regret to announce you may not use a LAPTOP, e-Tablet, CELL PHONE, PDA, DVD player or MP3 (iPod) or any other such equipment during class time (unless it is an accommodation specified by the Office of Services for Students with Disabilities). Such types of equipment are distractions. Moreover, if I tolerate
any one student using such equipment, I cannot deny others. From experience, I know that I cannot allow use of these distracters to escalate and get out of hand. Therefore, I will not tolerate any use by any individual student while class is in session. All such equipment should be turned off and put away. You are encouraged to bring a calculator to class and have it ready to use.

In addition to the use of the above types of equipment, all other forms of distracting behavior are prohibited. I won’t begin to list such behaviors; you should know what is inappropriate.

E-mail and Canvas

The use of email and Canvas is required for this course. I will frequently communicate with the class with announcements and guidance and I will answer questions via email. I check my e-mail at frequent intervals during weekdays and somewhat less regularly over weekends. I will use the email addresses that are supplied to me on Canvas. They are the email addresses that you have given the University for directory purposes. If you need to update your email address with the University go to your UT Direct page and, under personal info/all my addresses, change your email address. Before each class, I will post on Canvas any PowerPoint slides I intend to use. You can print them in handout style to save paper—either six slides to a page or, if you prefer, three slides accompanied by note-taking space. It is your responsibility to regularly check both your e-mail and the class website on Canvas.

Grading Questions or Appeals

Do not wait until the end of the semester to question or appeal grade components other than the final examination.

If you feel there exists a grading error on any of the grade components, or if you feel you need to bring to the attention of our Teaching Assistant or me other facts or circumstances that might affect the grade for that item, you will have ONE WEEK from the date the grade is posted on Canvas to take such action and have the matter resolved.

Electronic Class Rosters & Privacy in Canvas

A recent opinion from the US Department of Education states that the University must inform students in advance if their name will be appearing on an electronic class roster: Since Fall 2001, web-based, password-protected class sites have been available for all accredited courses taught at The University. Class e-mail rosters are a component of the sites. Students who do not want their names included in these electronic class rosters must restrict their directory information in the Office of the Registrar, Main Building, Room 1. For information on restricting directory information see: http://www.utexas.edu/student/registrar/catalogs/gi00-01/app/appc09.html

Privacy in Canvas: Information in Canvas is protected by your UTEID login. Please be aware that I will use a merged Canvas site for all sections of the course that I am teaching this semester. This will allow students in other sections to see that you are enrolled in the course and send you email from within Canvas. However, they will not actually learn your email address and no other...
personal data will be revealed through Canvas. If you have any concerns, please contact the ITS Help Desk at 475-9400 for help removing your name from view of other students.

**Academic Standards**

A high academic level will be maintained with respect to (a) the quality of the course and (b) grading. Semester grades will be determined using the following factors and relative weights:

- Graded homework (Connect & Solid Footing) 15%
- Two (non-cumulative) Midterms:
  - Lower Midterm 15%
  - Higher Midterm 25%
- Final Exam (comprehensive) 35%
- Instructor discretion—quizzes, group projects, etc. 10%

100%

The ACC 311 faculty has adopted the University’s plus/minus grading as the standard for all sections of the course. The faculty believes that plus/minus grading permits us to better distinguish gradations in performance and provides better feedback to students on their performance.

Course grades will be such that the class average will be in the range of 3.0 – 3.2. Grades will be based on the total points earned in the course (as shown above). You may assess your performance based on the traditional grade cutoffs of 90% = A-, 80% = B-, 70% = C-, 60% = D-, and below 60% = F. It is possible, but not guaranteed, that we will curve grades at the end of the course. No grades will be associated with scores on exams or quizzes during the semester. In addition, no individual exam grades will be curved during the semester.

Incompletes will be given only in the RAREST of circumstances and only in accordance with university policy. There will be no opportunity to raise your course grade by doing “extra credit” work during or after the end of the semester—that would violate University policy.

**Examinations**

There will be two midterm examinations and a comprehensive final examination.

<table>
<thead>
<tr>
<th><strong>Exams 1 &amp; 2</strong></th>
<th>will be uniform (all sections at the same time).</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Exam 1:</strong></td>
<td><strong>Wednesday Oct. 4\textsuperscript{th}</strong></td>
</tr>
<tr>
<td><strong>Exam 2:</strong></td>
<td><strong>Wednesday Nov. 8\textsuperscript{th}</strong></td>
</tr>
<tr>
<td><strong>Make-ups</strong></td>
<td>will be the following day or evening.</td>
</tr>
</tbody>
</table>

\(1\) Under the traditional grading system an undergraduate student needs a D or better to receive credit for a course; under the plus/minus system an undergraduate student needs a D- or better to receive credit.
The Final Exam will be uniform (all sections at the same time) and comprehensive
(coversing the entire course). It will NOT be given on the dates and times listed in the
UT course schedule. The actual dates and times will be announced later in the
semester. NO EXAMS WILL BE GIVEN EARLY. IF YOU MUST SCHEDULE
AIRFARE BEFORE THE EXACT DATE OF THE FINAL IS KNOWN PLEASE
DO NOT SCHEDULE TRAVEL BEFORE THE LAST DAY OF FINALS.

Examinations are individual work; no collaboration of any kind is allowed. All
exams are also closed book/notes. Calculators that can store text are not allowed.

Only students with conflicts with other UT classes or UT exams, medical or other
documented emergencies and special needs will be given exams at times other than
the uniform exams. If you have a job or extra-curricular activities at the times of the
exams, this is notice that you are responsible to be excused, miss or work around
those other activities. Individual makeup exams must be taken within 72 hours of
the original exam.

Unexcused absence from any examination will result in a score of zero. If you miss
an exam due to an illness or other emergency reason, you should notify me as soon
as possible and provide me with written documentation (e.g., a note from the
attending physician) after you return. I have final authority to determine if your
absence should be excused and if I can give you a make-up exam. If you have an
excused absence from a mid-term exam and I cannot give you a make-up exam, you
will receive extra weight on your final to compensate for the missed examination.

If you need to make early travel reservations for the end of the semester, you should
make them for travel on December 21st or later—because we will not know until well
into the semester exactly when our examination will be scheduled by the University.
If you make non-refundable (or non-cancelable) arrangements for travel before
December 15th they will not be an acceptable reason for taking the final exam early.

Religious Holy Days

By UT Austin policy, you must notify me of your pending absence at least fourteen
days prior to the date of observance of a religious holy day. If you must miss a class,
an examination, a work assignment, or a project in order to observe a religious holy
day, you will be given an opportunity to complete the missed work within a
reasonable time after the absence.

Dropping the Course

Students must go through the official procedures to drop the course. A student who
stops attending the class and fails to officially drop will receive a grade of F. Consult
the Academic Calendar on the Registrar’s website
(http://registrar.utexas.edu/calendars/) for specific deadlines.

Students with Disabilities

Students with disabilities may request appropriate academic accommodations from the
Policy on Scholastic Dishonesty

The McCombs School of Business has no tolerance for acts of scholastic dishonesty. The responsibilities of both students and faculty with regard to scholastic dishonesty are described in detail in the BBA Program’s Statement on Scholastic Dishonesty at http://my.mccombs.utexas.edu/BBA/Code-of-Ethics. By teaching this course, I have agreed to observe all faculty responsibilities described there. By enrolling in this class, you have agreed to observe all student responsibilities described there. If the application of the Statement on Scholastic Dishonesty to this class or its assignments is unclear in any way, it is your responsibility to ask me for clarification. Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Since dishonesty harms the individual, all students, the integrity of the University, and the value of our academic brand, policies on scholastic dishonesty will be strictly enforced. You should refer to the Student Judicial Services website at http://deanofstudents.utexas.edu/conduct/ to access the official University policies and procedures on scholastic dishonesty as well as further elaboration on what constitutes scholastic dishonesty.

Campus Safety

Please note the following recommendations regarding emergency evacuation, provided by the Office of Campus Safety and Security, 512-471-5767, http://www.utexas.edu/safety:

- Occupants of buildings on The University of Texas at Austin campus are required to evacuate buildings when a fire alarm is activated. Alarm activation or announcement requires exiting and assembling outside.
- Familiarize yourself with all exit doors of each classroom and building you may occupy. Remember that the nearest exit door may not be the one you used when entering the building.
- Students requiring assistance in evacuation should inform the instructor in writing during the first week of class.
- In the event of an evacuation, follow the instruction of faculty or class instructors.
- Do not re-enter a building unless given instructions by the following: Austin Fire Department, The University of Texas at Austin Police Department, or Fire Prevention Services office.
- Further information regarding emergency evacuation routes and emergency procedures can be found at: http://www.utexas.edu/emergency.
EXAM 1

Chapter 1
Chapter Supplement B: Employment in the Accounting Profession (p 23-24)

Chapter 11
Key Ratio Analysis: Dividend Yield (p 563)
Stock Dividends and Stock Splits: (p 566-568)
Preferred Stock: (p. 570-572)
Chapter Supplement: Accounting for Owner’s Equity for Sole Proprietorships and Partnerships (p 574-578)

EXAM 2

Chapter 6
Report, control and safeguard cash (p 299-304)

Chapter 7
Inventory Methods and Financial Statement Analysis (p 350-353)
Chapter Supplement A: LIFO Liquidations (p 358-359)
Chapter Supplement B: FIFO and LIFO Cost of Goods (p 359-360)
Chapter Supplement C: Additional Issues in Measuring Purchases (p 360-361)

Chapter 9
Chapter Supplement A: Present Value Computations Using Excel (p 484)
Chapter Supplement B: Deferred Taxes (p 485)

EXAM 3

Chapter 12
Key Ratio Analysis: Quality of Income Ratio (p 615)
Key Ratio Analysis: Capital Acquisitions Ratio and Free Cash Flow (p 618-619)
Chapter Supplement A: Reporting Cash Flows from Operating Activities – Direct Method (p 625-628)
Chapter Supplement B: Adjustment for Gains and Losses on Sale of Long-Term Assets—Indirect Method (p 628-630)

Chapter 10
DO NOT READ Chapter 10 in Libby, Libby & Hodge
Read the supplemental Chapter 10 reading provided by the ACC 311 faculty on Canvas.

APPENDIX A
Key Ratio Analysis: Economic Return from Investing: (p A-13)
Investments for Signiﬁcant Inﬂuence: (p A14-A18)
Controlling Interests: Mergers and Acquisitions: (p A 19-21)
Appendix Supplement: Held-to-Maturity Bonds Purchased at Other than Par (p A-24)

Anticipate slight differences in page number for the online textbook (E-book).
