Real Estate Certificate

Undergraduate students from across campus have the opportunity to earn an officially recognized concentration in real estate from the McCombs School of Business.

Eligibility & Admission

Full-time, degree-seeking undergraduate students at The University of Texas at Austin are eligible to conditionally apply to the program upon achieving 1) upper-division standing (60 credit hours) and 2) credit for ACC 310F, 311 or 311H. After acceptance, non-business students must request a waiver for FIN 357, the second prerequisite, prior to course registration.

Admission to the program is based on students’ overall academic record, including, but not limited to, hours and number of courses taken in residence, demonstrated interest in real estate, and overall UT grade point average.
