The Career Development Office (CDO) helps students identify and pursue employment opportunities in their chosen field. The CDO provides individual advising, on-campus recruiting, company visits, and career events.

Career Development Resources*:

Individual Advising: The Career Development Office provides personalized career guidance to students, including resume review, interview preparation, and job search strategies.

On-Campus Recruiting: The Career Development Office schedules on-campus interviews and events with employers interested in hiring MNSBACohort graduates.

Company Visits: The Career Development Office coordinates visits from companies to campus to meet with students and introduce them to potential job opportunities.

Career Events: The Career Development Office hosts events such as information sessions, workshops, and career fairs to help students learn about potential industries and job opportunities.

Internship Opportunities: The Career Development Office provides guidance and support for students interested in securing internships, including tips on how to find and apply for internships.

Companies who have hired MNSBACohort graduates: The Career Development Office maintains a list of companies that have hired MNSBACohort graduates to help students identify potential employers.

*The Career Development Resources are subject to change depending on market conditions and individual circumstances. For more information, please contact us directly.
